

OBJECTS IN OUR UNIVERSE

OBJETOS EN NUESTRO UNIVERSO

CLOSE TO EARTH

Objects currently orbiting Earth.

SPACECRAFT: NAVES ESPACIALES:

| | | | |
|------------------------------|---------------------------|---|----------------------------|
| Chandra X-ray Observatory | Hubble Space Telescope | TESS Transiting Exoplanet Survey Satellite | Spitzer Space Telescope |
| | | | |

MOON: LUNA:

| |
|--------------|
| Earth's moon |
| |

Luna de la Tierra

INSIDE OUR SOLAR SYSTEM

Objects currently orbiting the Sun, or orbiting something that orbits the Sun, our solar system's star.

PLANETS: PLANETAS:

| | | | | |
|-------|------|---------|--------|---------|
| Venus | Mars | Jupiter | Saturn | Neptune |
| | | | | |

DWARF PLANETS: PLANETAS ENANOS:

| | | | | |
|-------|-------|-------|------|--------|
| Ceres | Pluto | Sedna | Eris | Charon |
| | | | | |

PLANETARY MOONS: LUNAS PLANETARIAS:

| | | | |
|----------------------------|--------------------------|----------------------------|------------------------|
| Callisto Jupiter's moon | Europa Jupiter's moon | Enceladus Saturn's moon | Titan Saturn's moon |
| | | | |

SPACECRAFT: NAVES ESPACIALES:

| | | | |
|------|--|---------|--|
| Juno | Juno launched on August 5, 2011, and is currently orbiting Jupiter. | Cassini | Cassini orbited Saturn for 13 years and explored its rings and moons until the mission ended on September 15, 2017. |
| | Juno fue lanzada el 5 de agosto de 2011 y en la actualidad está orbitando a Júpiter. | | Cassini orbitó a Saturno durante 13 años y exploró sus anillos y lunas hasta que la misión finalizó el 15 de septiembre de 2017. |

DENTRO DE NUESTRO SISTEMA SOLAR

Objects orbiting the Sun in the actuality, or orbiting algo that orbits alrededor del Sol, la estrella de nuestro sistema solar.

INSIDE OUR GALAXY

Objects that are part of the Milky Way Galaxy, our celestial home.

STARS: ESTRELLAS:

| | | | | |
|------------------|----------|------|------------|----------|
| Proxima Centauri | Sirius A | Vega | TRAPPIST-1 | Pleiades |
| | | | | |

| | |
|------------|------------|
| Kepler-186 | Betelgeuse |
| | |

EXOPLANETS: EXOPLANETAS:

| | | | | |
|---|-----------------|-------------|------------|-------------|
| SPACERCRAFT: NAVE ESPACIAL: Voyager 1 | Epsilon Eridani | TRAPPIST-1d | Kepler-22b | Kepler-186f |
| | | | | |

NEBULAE: NEBULOSAS:

| | | | | |
|-----------|------|-----------|-----------|------|
| Horsehead | Ring | Cat's Eye | Butterfly | Crab |
| | | | | |

| | | | | |
|-------------------|--------|-------------|----------|----------|
| Cabeza de Caballo | Anular | Ojo de Gato | Mariposa | Cangrejo |
| | | | | |

Pillars of Creation Eagle

Hourglass

Bubble

Sting Ray

Pilares de la Creación Águila

Reloj de Arena

Burbuja

Mantarraya

DENTRO DE NUESTRA GALAXIA

Objects that make part of the Galaxy of the Vía Láctea, our celestial home.

BEYOND OUR GALAXY

Outside of the Milky Way.

GALAXIES: GALAXIAS:

| | | | |
|-----------|-------|----------|---------|
| Andromeda | Cigar | Pinwheel | Tadpole |
| | | | |

| | |
|-----------|---------------|
| Cartwheel | Hoag's Object |
| | |

| | |
|----------------|----------------|
| Rueda de Carro | Objeto de Hoag |
| | |

CERCA DE LA TIERRA

Objetos orbitando la Tierra en la actualidad.
