

# Extreme Heat

Today you will act as the resilience planning team for the city of Heattown. Your team's task is to create a plan that protects Heattown while considering the values of people who live there, the impacts on the economy and the effects on the environment of the city. Follow the steps below to create your plan, then implement and explore your plan using digital visualizations.

### Step 1. Consider Stakeholder Perspectives

Place  
Stakeholder  
Cards Here

 COOL THE CITY			 PROTECT INFRASTRUCTURE			 ENSURE SAFETY		
ECONOMIC ★★★			ECONOMIC ★★★★★			ECONOMIC ★★★		
ENVIRONMENTAL ★★★★★			ENVIRONMENTAL ★★			ENVIRONMENTAL ★★		
SOCIAL ★★★			SOCIAL ★★★★★			SOCIAL ★★★★★		
0	\$	\$\$	0	\$	\$\$	0	\$	\$\$

### Step 3. Make Your Resilience Plan

 COOL THE CITY	 PROTECT INFRASTRUCTURE	 ENSURE SAFETY
Resilience Plan A	Resilience Plan A	Resilience Plan A
 	 	 
Resilience Plan B	Resilience Plan B	Resilience Plan B
		

### Step 4. Implement & Explore Your Resilience Plan
