

WHAT IS LEARNING?

Spark conversations about learning:

- First, look through the pictures and choose one that relates to how you think about learning.
- Now, show your picture to the others in your group and explain why it represents learning to you.

Learning takes many forms and occurs in different settings across a person's lifetime. These images provide an opportunity for a group to reflect on and share what they feel best represents learning.

Group size: 2–10 People
